RTTS Opens Premium Training Facility

Las Vegas, October 10, 2006 - RTTS, the premier software quality experts and certified Mercury training partners, is pleased to announce the launch of their new, state-of-the art training facility in New York City. Designed to house multiple classes simultaneously, the facility boasts the latest and greatest technology that encompasses HD video projectors, ultra-fast computers, VoIP, wired and wireless access and all other amenities of a premium facility.

RTTS also boasts certified Mercury courses and expert trainers poised to deliver courseware, coaching and mentoring for Mercury's LoadRunner, QuickTest Pro, WinRunner and Quality Center offerings. "We are extremely excited to be providing educational services to our customers in such a superb educational facility" said Bill Hayduk, Director of Professional Services. "We pride ourselves on delivering the highest quality service to our customers. By building a new training wing and offering Mercury courseware, we combine a premium facility with the premier software testing vendor. It's a win-win for our clients".

About RTTS:

RTTS is the premier professional services organization specializing in the testing of IT applications and architecture. They have been serving Fortune 500 and mid-sized companies in many vertical industries including, financial, insurance, telecommunication, pharmaceutical, and technology firms in the U.S and abroad since 1996. RTTS has offices in New York, Orlando, Phoenix, and Philadelphia. RTTS draws on its best-of breed tools, expert test engineers and proven methodology to provide the foremost end-to-end solution to ensure application functionality, reliability, scalability and network performance.
